

RO-LOAD-4310M-5W

RF Termination, 4.3-10 Male, 5-Watt, DC-6GHz

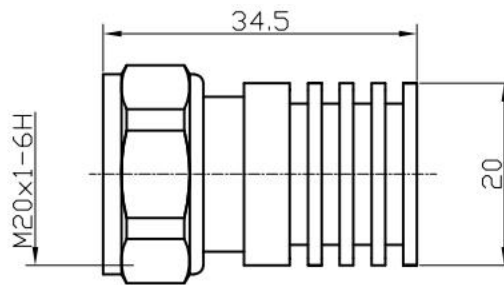

The RO-LOAD-4310M-5W is a 5-Watt RF termination with a 4.3-10 Male connector. This RF termination has been designed for an average five-watt power source and is rated for a maximum frequency of 6 GHz and has a 50 Ohm impedance. This 4.3-10 RF Termination is manufactured with no chain and has a silver body.

Product Specifications

Frequency Range	DC – 6GHz
Connector	4.3-10-Male
Power	5 Watts (Average)
Impedance	50 Ohm
VSWR	≤1.25(DC-6GHz)
Colour	Silver
Temp Range	-35° to 75° Celsius
Dimension	20 x 34.5mm

Revision Date 30092021

Quality
ISO 9001
